ADMIRALTY COURT .- The court opened at 11 A. M., yesterday, Hon. G. S. Bryan prisiding. The following case was disposed of:

(William Roach & Co. vs. Ship Tranquebar. dered that a warrant of arrest issue, returnable Wednesday, 23d instant, at 11 o'clock A. M.

THE LARGEST CARGO OF THE SEASON .- The capacious and first-class merchant ship Tran-

morning Purcell was drunk and disorderly at the corner of Calhoun and Washington streets, where Policeman Charles Simmons was on duty. The latter requested Purcell to be quiet and leave. the locality. Purcell refused, and being very much enraged, made a rush at Simmons with

large knife. The latter started back as the blow descended, and the point of the knife passed through his button-hole. But for this start, the blade wou'd have pierced his breast. Purcell offered no excuse for the act. The case being beyoud the trial-justice's jurisdiction, the defendant was bound over in the sum of \$500 to appear at the next term of the Court of General Sessions

ARREST OF A PICKPOCKET .- William Rutledge was arrested and lodged in the Guardhouse on Sunday under the charge of stealing \$50 in currency from a sailor. It appears that Frank Herert, the sailor in question, arrived in town a few days ago, just paid off, and, being quite "flush," desired to see some of the sights. William Rutledge became his guide, and struck up a close friendship as soon as he saw the money. On Sunday afternoon, while embraoing Herbert in the plenitude of friend and whiskey, he dex-terously extracted the latter's pocketbook, containing \$50 in currency, and shortly after made his excuses and left. Herbert soon felt the deciency, and immediately went in pursuit of the thief, who took to his beers and escaped. He was subsequently arrested and turned over to the State for prosecution. The money was not found upon his person when the arrest was made.

BEFORE THE UNITED STATES COMMISSIONER. There were no cases of importance before the ommissioner yesterday. Several additional warrants of arrest have been issued against parts charged with voting twice, intimidating and interfering with voters and other violations of the election laws.

PERSONAL,-Mr. T. W. Stanland requests us to say that he gives a public denial to the report that he voted the Radical ticket at the recent election. Mr. Stanland says that he did all that he could for the success of the Reform party, and that during the whole of election day he worked at the first precinct of Ward 5 with Mr. James A. Moseley, who will corroborate this statement.

AFFRAY IN ABBEVILLE .- A Radical paper is informed that a bloody affray took place in Abbeville County on Thursday last. It appears that a Mr. Cook, and three of the Tolberts, all white, and residents of "Dark Corner," were engaged in a settlement, but not agreeing upon the figures, words arose, when Cook, thinking the odds against him too great, drew his revolver and shot one of the Tolberts dead on the spot, and seriously wounded another. The third took to his legs and escaped.

A SURPEISE .- Solomon Happy, a name wellknown in the Court of General Sessions, and Wil tiam Griffin with several others, were having a quiet little game on Sunday evening in an old boat lying at, Patton's wharf, at the foot of Hasel street, when they were disturbed by the sudden interruption of the detectives. The gamblers were so deeply engaged that they did not hear the officers until they leaped from the wharf among them. Before they recovered from their astontshment, Happy and Griffin were each collared, while, the others made their escape by jumping overboard and swimming to the adjacent wharf. The two arrested were turned over to the State for prosecution.

ORDINATION OF THE REV. H. S. WINGARD .-The ordination of Mr. H. S. Wingard as a minister of the Gospel according to the faith of the Evangelical Lutlieran Church, took place last evening at St. John's Church. There was quite a large congregation, and many of the members of the Lutheran Synod, lately in session here, were pre sent. The Rev. T. S. Boinest delivered an able and interesting sermon, selecting as his text the 56th verse of the 24th chapter of Genesis: "Hinder me not, seeing the Lord hath prospered my way." The charge was delivered to the candidate by the Rev. J. H. Hawkins, the president of the Sy nod, and he was welcomed into the fellowship of the church by the ordained ministers who were present. After the close of the ceremonies a collection was taken up for the benefit of the Missionary Society.

MAINE SHIPBUILDING .- The following notice of a new ship which may be expected as this port is taken from the Portland Argus:

capacious and first-class merchant ship Tranquebar, 1307 tons, was cleared for Liverpool yesterday with the following large and valuable freight, say 4123 bales upland cotton, 1 bag sea island cotton, 245 barrels rosia, 104 bags octton seed.

She sails from this port, in ballast chiefly, for Obarleston, South Carolina, for cotton.

> troupe opened at the Academy last evening in the military drama of "The French Spy, or the Fall of Algers." The plot of the play is slight, but several of the situations are highly sensational, and the sword-play in some of the scenes gives room for very striking displays of agility and strength. The grand collision between the French and Arabs was given with really exciting effect, and the explusions of guns and bombs, &c., lent an air of reality to the scene which is usually quite wanting in stage combats.

Mile. Ravel is graceful, pretty and agile, and formed a very attractive pivot to the interest of the melodrama, which was also well sustained by Mr. Bamford (Sergeant Dubourg) and Mr. Murray (Toney Bavard,) Mr. Paul playing ."Mohammed" with great effect.
In the closing farce of "The Spectre Bride

groom"-itself rather a sepulchral piece of fun-Mr. Murray's capital acting won vociferous applause.

To-night Mile. Ravel appears as "Cynthia, the Queen of the Gipsies," and we have no doubt she will be greeted by a full house.

THE PERRY INQUEST .- The jury of inquest, which adjourned on Sunday for want of evidence, assembled again yesterday at 12 M., to resume the inquiry into the cause of the death of Henry Perry. Carmer Date chaincled the examination at the City Has. Edward Peyton, the principal witness, testined that he was, at the time, in the railroad yard, near Ahn street, and in the company of James Street and Henry Perry when the been playing with nepodent a short time before, and in the play had make a cut at him disc, which he did not mind at the time, but found afterwards it had gone through his clothing and slightly scratched him on his left side. and laying hold of him called deponent to help hold him. By the were laughing and scurling, Street having an open knife in the hand and keeping Henry on with it, when suddenly deponent heard Henry exclaim, "Oh, God 1 I am cut," and fell. Deponent helped to pick him up and lay him on rection bale. A doctor was sent foreind had the wound of municarried on. Neither Street nor Perry were ht all exched or many for is moment. Several other witnesses testified in the case, to exculpating Street from any maine, and after a horr deliberation the following verdict was ren

sep20-tuthlyr SHALL NATURE BE SUSTAINED? To give debilitating medicines to the weak is about as sensible as it would be to try to help a man to his feet by kicking him when he was down.

That sort of practice is going out of fashion. It has filled so many graveyards that people no . nger believe in it. If those who are not strong by nature expect to

avoid the attacks of disease, they must endeavor to acquire the vigor necessary to resist it. How is this to be done? Common sense sug-

gests by the use of invigorating medicine. The great object is to strengthen the system without exciting it.

This object is accomplished by the judicious use of the most potent and genial of all yegetable tonics and alteratives-HOSTETTER'S STOMACH Many valuable properties are combined in this

preparation. It improves the appetite and renders digestion easy and perfect. It gives steadiness to the nerves, induces a healthy, natural flow of bile; prevents constipation without unduly purging the bowels; gently stimulates the circulation, and by promoting a vigorous condition of the physical system, pro-

motes, also, that cheerfulness which is the truest indication of a well-balanced condition of all the animal powers.

Summer leaves both the body and the mind more or less exhausted. Now is the time to recruit them, and thus forestall the malarious fevers and other complaints which prostrate so many

thousands every fall. nov19-6D&C AWAY WITH SPECTACLES. OLD Eyes made new, easily, without doctor or medicines. Sent postpaid on receipt of 10 cents. Address Dr. E. B. FOOTE, No. 120 Lexington avenue,

A GRAND EPOCH IN SCIENCE. From the time when, in 1834, Dr. RUGGE discovered "Carbelle Acid" and its extraordinary medical effects, nothing in the history of Medicine has equalled it. Largely used by the French physicians in treatment of consumptive and scrofu lous diseases, it was introduced by the Court Phy sician of Berlin, MAX ERNST HENRY, into Prus sia, and from thence to the United States. No thing else of the present day can equal HEN RY'S SOLULION OR CARBOLIC, CONSTITUTION RENOVATOR.
